

Evening primrose oil

The healing oil of the Native American people

Evening primrose oil is rich in linoleic acid and strong in gamma linolenic acid.

Qualities & Usage

We carry Evening primrose oil in the following qualities for you

Art.-Nr.	Quality	Cosmetics	Food	Pharmaceutics
380031	Evening primrose oil pressed and refined Ph. Eur. min. 9% GLA	Yes	Yes	Yes
380060	Evening primrose oil pressed refined min. 10% GLA	Yes	Yes	Yes
380020	Evening primrose oil virgin pressed	Yes	Yes	
380122	Organic evening primrose oil pressed and refined	Yes	Yes	
380320	Organic evening primrose oil virgin pressed	Yes	Yes	

Evening primrose oil

The healing oil of the Native American people

The evening primrose

The biennial plant forms a flat rosette on the ground in the first year, only in the second year it develops an inflorescence with yellow flowers up to 1 m high. The 20 cm long turnips harvested in autumn were known very early on as a valued vegetable (yellow Rapunzel).

The healing oil of the Native American people

Cultivation & yield

The evening primrose, which originates from North America, can also be found wild in many places in Germany. Today the evening primrose is mainly cultivated and processed in China.

Background / history

Even the native American population used the oil extracted from the seeds for wound healing. The evening primrose, introduced from North America at the beginning of the 17th century, is widespread in temperate latitudes on wasteland and (formerly) on railway embankments.

Evening primrose oil

pressed and refined Ph. Eur. min. 9% GLA

**Article number:**

380031

INCI name:

Oenothera Biennis Oil

CAS number:

90028-66-3

Botanical name:

Oenothera Biennis L. / Oenothera
Lamarckiana L.

Usage:

Cosmetics, Food, Pharmaceuticals

Certificates:

Kosher

Our packaging

190 kg Drum

27 kg Canister

General durability:

canister 12 months, drum 18 months

Evening primrose oil

pressed and refined Ph. Eur. min. 9% GLA

Nutritional values & composition

Nutritional value (per 100g)

Energy	3,700 kJ / 900 kcal
Fat	100 g
Saturated fatty acids	9 g
Monounsaturated fatty acids	8 g
Polyunsaturated fatty acids	83 g

Composition

C18:1 Oleic acid	5 – 12 %
C18:2 Linoleic acid	65 – 85 %
C18:3 Gamma-linolenic acid	9 – 14 %

Fatty acids ratio

Evening primrose oil

pressed refined min. 10% GLA
